Experience

After completing a degree in mechanical engineering, Mr van der Zouw gained over 30 years' experience in the management of medium and large industrial companies. During his time as CEO of the Eriks Group from 2001 to 2011, he made a decisive contribution to the transformation of the group from a traditional technical supplier into a modern industrial supplier. During this time, the company grew from around € 0.4 billion to € 1.3 billion through organic growth and acquisitions. Since 2011, he has brought his many years of experience to positions on various Supervisory Boards and Advisory Boards of different international companies.
